Erasmus Student Network Dubrovnik

The Erasmus Student Network (ESN), the biggest student association in Europe, was founded on the 16th October 1989 and legally registered in 1990 for supporting and developing student exchange. ESN is operating on three levels: local, national, and international.

The mission of ESN Dubrovnik is to help students adapt to new life while studying in Dubrovnik (incoming students) or after coming back from the exchange program (outgoing students), in the academic, professional, social and practical sense.

ESN organizes educational workshops, parties and all kinds of social programs throughout the academic year. Some of the most popular ones are our monthly Karaoke night, Eurodinner and food festival where people from different countries share their national food and traditions. ESN Dubrovnik also helps students with all the problems they may face during their exchange in Dubrovnik. Throughout our Buddy system the volunteers and the Erasmus students are connected even before the start of the semester. We are constantly working on the new ways of improving the life of the incoming exchange students in Dubrovnik.

ESN card

Upon your arrival to Dubrovnik you have a chance to buy an ESNcard. This card costs 10 Euros and it is a sort of a membership card, which means you can access all the services offered by the ESN and our partners. With the ESNcard you can enjoy many international and local discounts that include housing, accommodation, sport, food, bars, travelling etc. all over Europe. Moreover, you will have the opportunity to participate in many of our events. The information about the special discounts in each city and about the international discounts is available on escard.org, where you will find everything about this card.

Local Board

Local board of ESN Dubrovnik consists of 3 functions: President, Vice-president and Treasurer. These three people, together with the rest of the ESN volunteers, are here to help and inform you about all the important news and upcoming events. To get in touch with them you can send them an e-mail or contact them via Facebook.

Practical Information for the Incoming Students

How to apply?

Students, who wish to study at the University of Dubrovnik as Erasmus students, must check first whether their home University has a bilateral agreement for student exchange with the University of Dubrovnik. Once this is confirmed you have to be officially nominated by your home university. Before the nomination takes place, please make sure that:

- UNIDU courses count towards your degree course
- Your home university participates in ECTS and that you are able to enrol in the relevant courses at UNIDU

If your University doesn't have an active agreement with UNIDU, you can still apply as a FREEMOVER or CEEPUS student in the same way as Erasmus students.

The following documents should be completed:

- Enrolment form, available at www.unidu.hr (English site)
- UNIDU Learning Agreement form available at www.unidu.hr (English site)

Important note:

Students cannot combine courses from different levels (meaning students can choose courses only from their own level of study) but can combine courses from different departments. If you combine courses from different departments, schedules may coincide.

If less than five students apply for a certain course, there is a possibility that the course will not be held at all or you will attend consultation hours.

The winter semester starts in October and summer semester starts in February. International relations office together with ESN Dubrovnik will organize an Orientation week one week prior to the beginning of the semester – attendance at the Orientation week is compulsory!

Acceptance letters will be issued two weeks after the application deadline.

Excellent (izvrstan) - 5 (highest grade)

Very good (vrlo dobar) - 4

Good (dobar) - 3

Sufficient (dovoljan) - 2

Credits are awarded when a course has been completed and all required examinations have been successfully taken. 60 ECTS credits represent the workload of one year of study and 30 ECTS credits represent workload of one semester.

Grade izvrstan - excellent (5) is equal to an A in ECTS system of grading and reverse;

Grade vrlo dobar - very good (4) is equal to a B in ECTS system of grading and reverse;

Grade dobar - good (3) is equal to a C in ECTS system of grading and reverse;

University radio – Radio UNIDU

Among diverse professional workshops, which are a significant part of the 'Media & Public Relations' study program there is a workshop called 'Radio reporting'. This study program provides a series of workshops as a part of the curriculum, and students spend a significant amount of time in such workshops where they learn and practise basic skills of the profession in which they will work in the future. As a part of the Radio workshop our students learn to write, process, edit, read, interpret and record their first radio news. A small radio station is situated within the main University building, where students create programs with the help of the course lecturer. UNIDU Radio can be heard via Internet (<http://radio.unidu.hr/>) and on 97,5 Mhz local radio frequency. All students that have an interest in UNIDU Radio, whether they are students of Media or any other study program, can send an e-mail to the following address: roki@unidu.com

Every Monday there is a radio show that is edited and directed by exchange students called Festa Furesta. Students who wish to participate in the show can contact the local ESN section.
