## About Atatürk University

Atatürk University has been founded in 1957 and serves as one of the oldest higher education institutions of Turkey. The university has 23 faculties, 8 post graduate institutes, 26 research centers, 12 vocational schools and 2 higher schools. A central lab facility serves the research needs of the university as well. Dormitories with 11000 students create a giant student village environment. Open and closed sport facilities serves 12 months for students. Atatürk University hosts 2300 international students which amount up to 3% in the total continuing student population. Open education faculty is also great opportunity for 270.000 students enrolled in this program. Atatürk University hosts hundreds of students from all around the world through summer and winter schools to establish permanent cultural bridges. Academic staff of Atatürk University has great diversity, which gathers academicians with Ph.D's obtained in the USA, England and all around the world as well as other top universities in Turkey.

## About Erzurum

Ataturk University is located in Erzurum. It is a city with an approximate population of 400 thousand and placed at a high Plato of 1950 meters. Erzurum, which consists of a history dating back to 4000 BC, is also a cradle of civilization. The city owns an identity of being an open museum with its historical monuments and cultural history dating back to thousands of years, and has become a fundamental center for education and science. It is possible to see many historical Madrasah's in the city.

The city is easy to get around, even the ski center, one of the most preferred tourism centers with its unique Palandöken Mountain, is 20 minutes from the airport. Erzurum is recognized as a winter sports center throughout the world and has hosted the 25<sup>th</sup> Winter Universiade (2011) and EYOF 2017.

It is also easy to travel to the other cities such as Istanbul, Ankara, İzmir, Bursa and Antalya using the daily flights.

23 Faculties  
8 Institutes  
26 Research Centers  
869 Programs  
2.650 Academicians

## ADMISSIONS

For prospective students considering enrollment to Atatürk University, there are several paths for admission.

### Undergraduate Admissions (ATAYÖS)

Atatürk University Foreign Student Examination (ATAYÖS) is an exam directed towards foreign students who would like to study undergraduate studies at Atatürk University.

All the applications from Turkey and abroad must be done through the following link:  
[oia.atauni.edu.tr/atayos/](http://oia.atauni.edu.tr/atayos/)  
The applications are accepted only within the application period each year.

### Turkish Scholarships

Turkish Scholarships is a government funded higher education scholarship program which is designed for international students. The program does not include the foreign students who are studying in Turkey through the EU projects, the reciprocal agreements and the university scholarships. Turkish Scholarships is offered for undergraduate, graduate, Ph.D., proficiency in art, and research level.

Upon being granted of the scholarship, you will be placed university of your choice. You do not need to get an acceptance letter from the university. For detailed information about application, procedures etc. please visit;  
<https://www.turkiyeburslari.gov.tr/en/english-home/>

## Graduate Admissions

For prospective students considering Master degree or Ph.D opportunities at Atatürk University, there are special application procedures. The applications are done through OBS (Student Registration System) of Atatürk University. After application from OBS, the prospective student will need to contact Directorate of the Applied Institute to confirm the application. For more information please visit <http://bilgi rehberleri.atauni.edu.tr/lisansustu/bilgi/>

## Exchange Students

The Office of International Affairs offers both international and national Exchange Programmes like Erasmus, Mevlana and Farabi. Also our full time international students can be a part of these programmes if they fulfill the requirements of the programmes' needs.

## Mobility Opportunities

Once you enrolled in a programme at Atatürk University, you will be eligible to participate in one of the following programmes, which allow worldwide mobility.

### Erasmus+ Programme

The Erasmus+ Programme is a European funded programme offering university students a possibility of studying or doing an internship abroad in another country for a period of at least 2 months and maximum 12 months per cycle of studies.

### Mevlana Exchange Programme

Mevlana Exchange Programme is a programme which aims the exchange of students and academic staff between the Turkish higher education institutions and higher education institutions of other countries. Different from other exchange programmes, Mevlana Exchange Programme includes all higher education institutions in the world regardless of their region.

### Farabi Exchange Programme

Farabi Exchange Program enables university students to continue their education at an institution of higher education in Turkey other than their own during a period of one or two semesters. With this program, students from different universities exchange their knowledge and take advantage of facilities offered at such institutions.

Sociology  
Sport Management Science  
Tourism Business and Hospitality Management

## PROGRAMS OFFERED IN ENGLISH

### UNDERGRADUATE

Medicine

### GRADUATE

Horticulture  
Agricultural Economics  
Physics  
Civil Engineering  
Chemistry  
Chemical Engineering  
Mechanical Engineering  
Nanoscience and Nanoengineering  
Aquaculture  
Animal Science

## TUITION FEES\*

Undergraduate tuition fees range from 500 TL to 2300 Turkish Liras (TL) per semester depending on the program followed. Tuition fees per semester for some of the academic programs is as follows;

Faculty	Tuition Fee (per semester) (in TL)
Faculty of Engineering	774
Faculty of Medicine (ENG)	2364
Faculty of Education	568
Faculty of Economics and Administrative Sciences	626
Faculty of Agriculture	774
Faculty of Fine Arts	774

Postgraduate tuition fee is 512 TL for all Institutes.

\*The fees are valid for 2017-2018 academic year. Please visit <http://oia.atauni.edu.tr/en/tuition/> for current rates.

## LIVING COSTS

Erzurum is relatively inexpensive city compared to overall Turkish average. Therefore, 250-350 Euro per month for housing, clothing, entertainment, public-transport and telephone would be sufficient. Books and other administrative expenses are around 70 Euro per semester. However, it should be noted that your living standard could change these prices considerably.

Atatürk University campus provides affordable meal plan for the international students. For further information; <http://oia.atauni.edu.tr/en/living-cost-incoming/>

## ACCOMODATION

International students can benefit from campus dormitories. Campus dormitories are affordable choice for accommodation. In addition, there are many private dorms located in different parts of Erzurum that international students can benefit. In order to view and learn about state dormitory options in Erzurum, you can visit <http://yurtkur.gsb.gov.tr/YurtMudurlukleri>

## Testimonials

### Faris ODEH, Princess Sumaya University for Technology, Jordan

"Hello, my name is Faris Odeh, and I am an Erasmus student at Atatürk University. When I first arrived to Erzurum, I was expecting a small cozy city, and it matched my expectations. I heard that Erzurum is really cold and it is really cold, but the people living in this small city are the best part of my experience in Erzurum. For me I could not be any happier to live this experience with such amazing people this city has. I was wishing for more things as an Erasmus student, but still I am satisfied enough, and I am having fun. About the education part, the university education system is really good, they are flexible with the students, and in general I could not wish for anything more from the university."

### Mohannad DAGHESH, Princess Sumaya University for Technology, Jordan

"About the experiences I had, I found wonderful staff that went out of their way to make me feel welcome, especially Erasmus Staff, made long lasting friendships. And Erzurum is a really safe area contrary to the general belief about Turkey in general (which I believe is the same as any other country)."

### Monika BUIKUTE, Vilniaus Kolegija University of Applied Sciences, Lithuania

"Opportunity to work in diversity workplace gave me invaluable experience. This experience taught me a lot and gave good lessons. I was really glad to have such chance realize my ideas, work with specialists and learn from the bests."

Erzurum is the host city for 2011 Winter Universiade. Athletes village settled in Atatürk University Campus and now those facilities are in service as dormitories. This great event is a milestone for winter sports in Turkey and in Atatürk University's history. Besides, EYOF 2017 Athletes Village is also located in our campus.

We are proud to host great young athletes from all around the WORLD!...
